

Subsection 5.6 — Strangers & Visitors Protocol

Assessment Matrix

Risk Assessment Matrix

Use this matrix to assign a quick risk level based on behavior, story consistency, and environmental context.

Matrix

| Factor | Green (Low) | Amber (Uncertain) | Red (High) |
|--------------------|----------------------------------|--------------------------------------|--|
| Story Consistency | Story consistent, details align. | Minor gaps or vague answers. | Contradictory or deceptive answers. |
| Body Language | Calm, open posture. | Nervous or guarded. | Aggressive, evasive, or circling. |
| Numbers / Position | Single visitor, visible hands. | Small group staying together. | Multiple people spreading out or flanking. |
| Weapons / Tools | No visible weapons. | Tools that could be used as weapons. | Visible weapons or concealed reach-ins. |
| Prior History | No prior concern noted. | Previously neutral encounter. | Prior threats, manipulation, or trespass. |
